Crime on Campus
The majority of crimes on campus are crimes of opportunity. Items commonly stolen are bicycles, laptops, cell phones and backpacks. Items most commonly stolen from vehicles include GPS’s, MP3 players, loose change, wallets and other small valuable items. Awareness by members of the campus community is a major factor in reducing these types of crimes. Your willingness to secure your property and report suspicious activities immediately to the University Police Department will assist us in our endeavors to minimize this type of crime.
